If possible, we recommend that measurements be taken professionally by a local tailor or seamstress. If you are unable to do so, please follow the below guidelines:

**Bust:** Position tape across the widest part of the bust, then rest your arms at your side – pull snug, but be able to breathe.

**Natural Waist:** Measured at the smallest part of the waist right under the rib cage, but above the belly button- pull snug, but be able to breathe.

**Hip:** Taken at the widest part of the hips and butt! This could sit higher or lower depending on your shape- pull snug.

Please contact the Bridesmaids Sales Department for size 30 and higher.
